Description

New Husqvarna Automower 415X For Sale

Specification Includes:

- Efficiently cuts complex lawns up to 1500 m².
- With the onboard GPS, the mower can create a virtual map of the lawn, this enables Automower® Zone Control, which you easily manage via your mobile phone to create work areas with different settings and temporary stay-out zones.
- Slopes with an incline of 40% are handled easily, and mowing becomes carefree through functions such as frost guard and weather timer that adjusts operation based on temperature and grass growth.
- As a member of the fully featured X-line range, 415X has Automower® Connect with GPS theft tracking and is equipped with LED headlights, front bumper, and special coloured wheel caps.
- The mower can also be integrated with your smart home so you can use voice control with Alexa or Google Home, or take advantage of IFTTT routines.
