Description

New Husqvarna Automower® 450V NERA

The Husqvarna 450V NERA is a high-performing wire free robotic mower built to master large lawns up to 7,500m² with excellent precision.

Features Include:

- 7,500m² Working Area Capacity
- Adjustable Virtual Boundaries
- Advanced AI Detection for Object Avoidance
- Uninterrupted Mowing with AI Vision Technology
- Perfect for Mixed Zones, Trees & Tight Passages
- Selectable Mowing Patterns
- Electric Height Adjustment
- Plus much more!

Requirements:

- Cellular/ Wi-Fi coverage across the full lawn. If you don't have internet coverage, then you can purchase the Husqvarna EPOS® RS1 reference station.
- The Automower® Connect app. Available for free on the AppStore and Google Play.

For more information on our Husqvarna range, call our Groundcare Specialist, Liam, on 07545 927235 or email enquiry@cornthwaitegroup.com
