Description

**SHOP HERE - Toro eRecycler™ eS55AST 55 cm Lawn Mower Flex-
Force Power System™ (218 - Cornthwaite Group - eShop**

Power and efficiency come together in this Toro eRecycler™ eS55AST Battery Mower. The Flex Force Power System™ includes a 2kW brushless 60V motor, free of engine exhaust emissions, able to handle lawns up to 1000 square metres. And the RunSmart™ Software maximises run time and performance by automatically adjusting the speed of the motor to match the conditions.

Featuring Vortex Technology®, airflow is super charged, pulling grass upright for better cutting. In combination with the wide-mouth grass bag's capacity of up to 63 L, you'll spend more time mowing instead of emptying.

You can set the mower to your preference of recycling or bagging, and Recycle on Demand lets you switch from bagging to mulching in seconds with a flip of the quick-change lever – the bag can stay mounted in either mode.

The self-propelled Automatic Drive System smoothly adjusts to your preferred walking pace, and the handlebar is adjustable for added comfort. The SmartStow® feature lets you store the mower upright, saving storage space and providing quick access for cleaning under the deck. Best of all, your 60 Volt battery is compatible with all the other products in the Flex-Force battery-powered line-up.

Specifications

Bagger Capacity	63 litres
Battery Charge Time	150
Battery Power	60V Max L324 (6.0 Ah, 324 Wh)

Nantwich	Bispham Green	Kendal	Carlisle	Dumfries	Central Number

Battery Product Type	Battery Included
Battery Run Time (CVL)	Up to 40 minutes
Cutting Width	55 cm
Deck Material	14 Gauge Steel
Drive System	Automatic Drive System
Drive Type	Rear-Wheel Drive
Fuel Type	Battery
Handle Type	SmartStow, 1-Piece, Adjustable Height
Height of Cut	2.5 - 10.2 cm
Height of Cut Adjustment	4-point
Included in the Box	60V Battery, 60V Charger, Grass Bag, Mower, Product Manual
Motor	Brushless DC, 60V Battery L324 (6.0 Ah, 324 Wh)
Mulch, Bag, Side Discharge	Bag standard, Mulch standard, Side discharge optional
Number of Battery Ports	1
Number of Blades	1
Operator Focus	Comfortable, Durable/Reliable, Easy to Use, Environmentally Friendly, Innovative, Time Saving
Product Features	Bagger, Battery Powered, Brushless Motor, Easy Storage, Electric Start, High Wheel, MAX mode, Mulching Mower, No Oil Change Required, Personal Pace®, Push Button Start, RunSmart™, Self-Propelled, SmartStow
Product Type	Walk Behind Mowers
Product Use	Residential
Self Propel System	Automatic Drive System
